

RAHAM Detroit

*If We Can,
We Will!*

Response Able Hands And Minds

Simply stated, we at RAHAM Detroit believe in Response Able Hands And Minds (RAHAM). If given the tools, anyone can be successful, and success will look different from individual to individual. Communities must be uplifted as well as those who inhabit those communities before we can truly see change. The mind must change so that an individual can become responsible to themselves, their community, their family and ultimately responsible to society.

The question  [What is RAHAM?](#)

MISSION

The Mission of RAHAM (response able hands and minds); is to
"Move Upon & Improve Upon

Persons, Places and Things in our Community and Beyond.

Persons with Love, Education and Opportunity;

Places with Color, Cultural Creativity and Life;

and Things with Benevolence, Justice and Equality,

as it is via these things that we will offset and ultimately remove

hatred, mental and physical idleness,

blight, desolation, and injustice.

G7 Scholarship Awards

Community, is where we've planted our flag, for not only is it
"where the mess was made and thus where the atonement must be
sought" as our Founder, Phillip Sample articulates, but it is also in the
heart of the 48205 zip code; one of the most ill-affected areas in the
city of Detroit, and reported to be one of the most dangerous areas in
the country.

We believe this is so due to a lack of spaces and places to properly
express and channel energy and creativity;

the breakdown in families and an ages old case of reflecting
environment.

Welcome back to school!

During the pandemic year of 2020, RAHAM Detroit has focused on giving back and supporting the community. This has been a call to supply personal protection equipment, (which RAHAM Detroit partnered with the United Way of SouthEast Michigan), delivering food to the elderly, helping formerly incarcerated individuals establish identification and help in various legal areas, and anything else that the community is lacking that RAHAM is able to assist by filling the void. RAHAM Detroit has also been involved in voter registration and Census data collection in 2020. The above video is a recent function that was called “Ice Cream Social Distancing”, it was a census event combined with school supply giveaway, as well as health and wellness information.

Recent highlights

RAHAM Detroit has now received training from the SAFE (Sisterhood Alliance for Freedom and Equality) Housing Network, on the model way to provide safe homes for formerly incarcerated women and men. RAHAM Detroit is looking forward to establishing housing for individuals who have been recently released from the criminal justice system and give them a hope for a new future! RAHAM Detroit has also been hard at work giving out scholarship awards and continuing our commitment to the plight of the Formerly Incarcerated People's Movement!
